Dear Ms Serjeantson

Bomen Solar Project (SSD 8835) - Extended Construction Hours

I refer to your email dated 9 August 2019, requesting the Secretary's approval to extend the construction hours for the Bomen Solar Project on Saturdays until 16 November 2019.

The approved construction hours for the project are:

- 7.00 am to 6.00 pm Monday to Friday;
- 8.00 am to 1.00 pm Saturdays; and
- at no time on Sundays and NSW public holidays.

The Department has carefully considered the information you submitted in asking to extend Saturday construction hours from 8.00 am to 3.30 pm and notes that the following restrictions would apply:

- the works during the extended construction hours would exclude piling, construction of the 132kV transmission line, tree clearing and mulching; and
- the equipment that would be used during the extended construction hours would only be trenching equipment, utilities, buggys, 5kva generators and 5 tonne tele-handlers.

The Department notes the consultation with Council, Roads and Maritime Services, neighbouring residents and commercial operators, none of whom have objected to the proposal.

Accordingly, under condition 10 of Schedule 3 of development consent SSD 8835, the Secretary has approved the extended construction hours of the Bomen Solar Project as follows:

- 7.00 am to 6.00 pm Monday to Friday;
- 8.00 am to 3.30 pm Saturdays; and
- at no time on Sundays and NSW public holidays.

I wish to advise that the Secretary reserves the right to restrict construction to the hours stipulated in the conditions of consent. If complaints are received, please notify the Department immediately and consider ceasing the works.

If you require further information, please contact Paul Freeman on 02 9274 6587.

Yours sincerely

9/8/19
